#StolenChildhood

FOA

Israel has killed more than **18,000 Palestinian children** in Gaza since October 2023, with an average of **28 children** killed every **single day**.

Killing children **violates** the UN Convention on the **Rights of the Child**.

More than **80% of Palestinian children** in Israeli prisons are **physically beaten**.

Over **50% of children** in Gaza think about **suicide** and more than **90% of children** live in constant **fear of dying**.

Israel is the only country in the world that systematically prosecutes children in military courts.

Israel must be held accountable for Palestinian children's **#StolenChildhood**.
